Dear Motorist:

The service you have received today is provided as a courtesy by the Michigan Department of Transportation and funded under a grant administered by MDOT. The purpose of the program is to provide you, the motorist, with an added level of safety while traveling on the Detroit Metropolitan Freeway system.

This service is evaluated by MDOT to determine the desirability and usefulness of such a program. If you are satisfied with the assistance you have received and believe this is a worthwhile program that should be continued, you are encouraged to make your comments known. You can send your comments or suggestions to:
